Beesy Hands

Learning Goals
1. Students will describe the role of bees and pollinators in helping plants grow and reproduce. 2. Students will explain why bees are important to ecosystems, agriculture, and the foods people eat. 3. Students will observe and discuss bee-related materials such as honeycomb, beeswax, or apiary tools. 4. Students will create a beeswax candle while exploring how natural materials can be used to make useful objects. 5. Students will identify simple actions people can take to help protect bees and pollinator habitats.

The strongest curriculum matches are in bold.
